Benefits of Obtaining VMware 2V0-51.19: Professional VMware Horizon 7.7 Exam

Certified VMware 2V0-51.19: Professional VMware Horizon 7.7 exam candidates deliver:

- Workspace Experience:

Engaging Employee Experiences from Onboarding to Offboarding

Enables enterprises to maximize employee engagement and productivity by empowering employees with a personalized experience and Day One access to any app on any device.

- Unified Endpoint Management:

Consolidate management silos across mobile devices, desktops (including Windows 10 and macOS), rugged devices, and ?things?.
Reduce costs and improve security with real-time, over-the-air modern management across all use cases (including BYO).

- Intelligence Across the Digital Workspace:

Aggregate and correlate data across your entire digital workspace to drive insights, analytics, and powerful automation of common IT tasks that improve user experience, strengthen security, and reduce IT cost.

- Virtual Desktops and Apps:

Radically transform traditional VDI and published apps with integrated VMware Horizon and VMware Horizon Cloud, which

provides unprecedented simplicity, flexibility, speed, and scale - all at a lower cost. A common control plane across the ?multi-cloud? enables an architecture and cost model to meet your requirements.

- Secure and Simple Application Access:

Boost productivity and delight employees with secure, password-free single sign-on (SSO) to SaaS, mobile, Windows, virtual, and web apps on any phone, tablet, or laptop - all through a single app catalog.

- Simplify Zero Trust Security

Combine intrinsic security across devices, users, and apps to simplify the enablement of Zero Trust access control. Industry-leading modern management of all devices and access management across all applications makes zero trust access models a reality.
