Updated HP HPE0-J69 Dumps – PDF & Online Engine

What is the salary of an HP HPE0-J69 professional
The Average salary of different countries for HP HPE0-J69 professional
UK: Pounds 58458 per yearIndia: INR 5626332 per yearUS: USD 72,000 per year

QUESTION 62

You are proposing a new Nimble solution to a customer that recently experienced data loss in their existing storage array.

Which features of the Nimble array should you emphasize to your customer to address their concerns?

(Choose two.)
* quick RAID rebuild
* deduplication

* compression
* encryption
* triple party

QUESTION 63

A customer is concerned about media and transmission errors caused by any component in the I/O stack from the server host bus
adapter (HBA) into the HPE 3PAR StoreServ ports.

Which feature will address the customer’s concern?
* Persistent Checksum
* Persistent Cache
* Peer Persistence
* Persistent Ports

QUESTION 64

A customer asks for an integrated solution for their remote office with All-Flesh storage and ease of management.
Application-aware replication to their main office is an important requirement.

Which HPE solution component should you discuss with the customer first?
* HPE SimpliVity 380
* HPE MSA 2052 Storage
* HPE Nimble CS1000 system
* HPE 3PAR StoreServ 8200

QUESTION 65

A customer with several HPE 3PAR StoreServ arrays has reported latencies with newly updated applications.

You have proposed changes to the AO configuration and need to provide high-resolution reports on how the change has affected the
latencies.

What should you propose on delivering the service time and I/O workload information daily for you and the customer?
* Use IMC to schedule performance data gathering and email delivery.
* Schedule SSMC System Reporter to send the defined email reports.
* Enable the Service Processor to gather Performance data and schedule data transfer.
* Login to InfoSight and analyze Advanced Performance history.

QUESTION 66

A customer is implementing a new high performance database environment.

What type of storage should you recommend?
* scale-out storage
* object store
* system-defined storage
* network-attached storage

QUESTION 67

You want to deploy Recovery Manager Central to a customer environment.

How can you accomplish this? (Choose two.)
* Install RMC on top of the virtual or physical RHEL system using the GUI wizard
* Deploy an RMC virtual appliance to Microsoft Hyper-V hypervisor
* Deploy RMC on top of the virtual CentOS system using the CLI
* Deploy RMC on top of the virtual CentOS system using the GUI wizard
* Install RMC on the top of the virtual or physical RHEL system using the CLI
* Deploy an RMC virtual appliance to VMware ESXi hypervisor

QUESTION 68

A customer has an HPE 3PAR StoreServ 8200 with eight 3.84 TB SSD’s configured with RAID5 7+1. They plan to add four more 3.84 TB SSD’s.

What needs to be changed on the configuration once the new SSD’s are installed?
* Reconfigure the cpg setsize as RAID6 6+2 and wait for tunesys to complete.
* Change the availability level from cage to magazine.
* Adjust the cpg growth value to match amount of SSD’s.
* Change the cpg setsize to RAID5 5+1 and run tunesys.

QUESTION 69

A customer has the following requirements for a storage solution:

VMware environment

20 of standard business data

400 TB of video archive files

10 GB iSCSI connectivity

They are most concerned with the cost of the solution.

Which HPE storage solution offers the lowest cost while meeting the customer requirements?
* HPE Nimble
* HPE SimpliVity
* HPE Primera
* HPE MSA

QUESTION 70

A customer is evaluating an HPE 3PAR StoreServ system in a proof-of-concept project. The customer wants to receive emails about important storage system events and alerts.

What feature do you need to configure?
* HPE OneView integration
* Secure Service Agent

* Real-time Alert Processing
* Local Notification Service

QUESTION 71

A customer has a SAN infrastructure with the HPE C-class blade Enclosure ,and a mix of proliant G7,gen8 and Ge9 server .They require a new storage platform … How can you confirm the storage array will be supported in the existing environment?
* Check recommended firmware levels in the HP SAN design reference guide to ensure firmware compatibility
* Document existing server and SAN information ,and consult SPOCK to ensure firmware compatibility
* Design and array with the latest firmware ,and recommend that the customer engage HPE point Next to upgrade the existing hardware
* Design an array with older version of the firmware to ensure compatibility
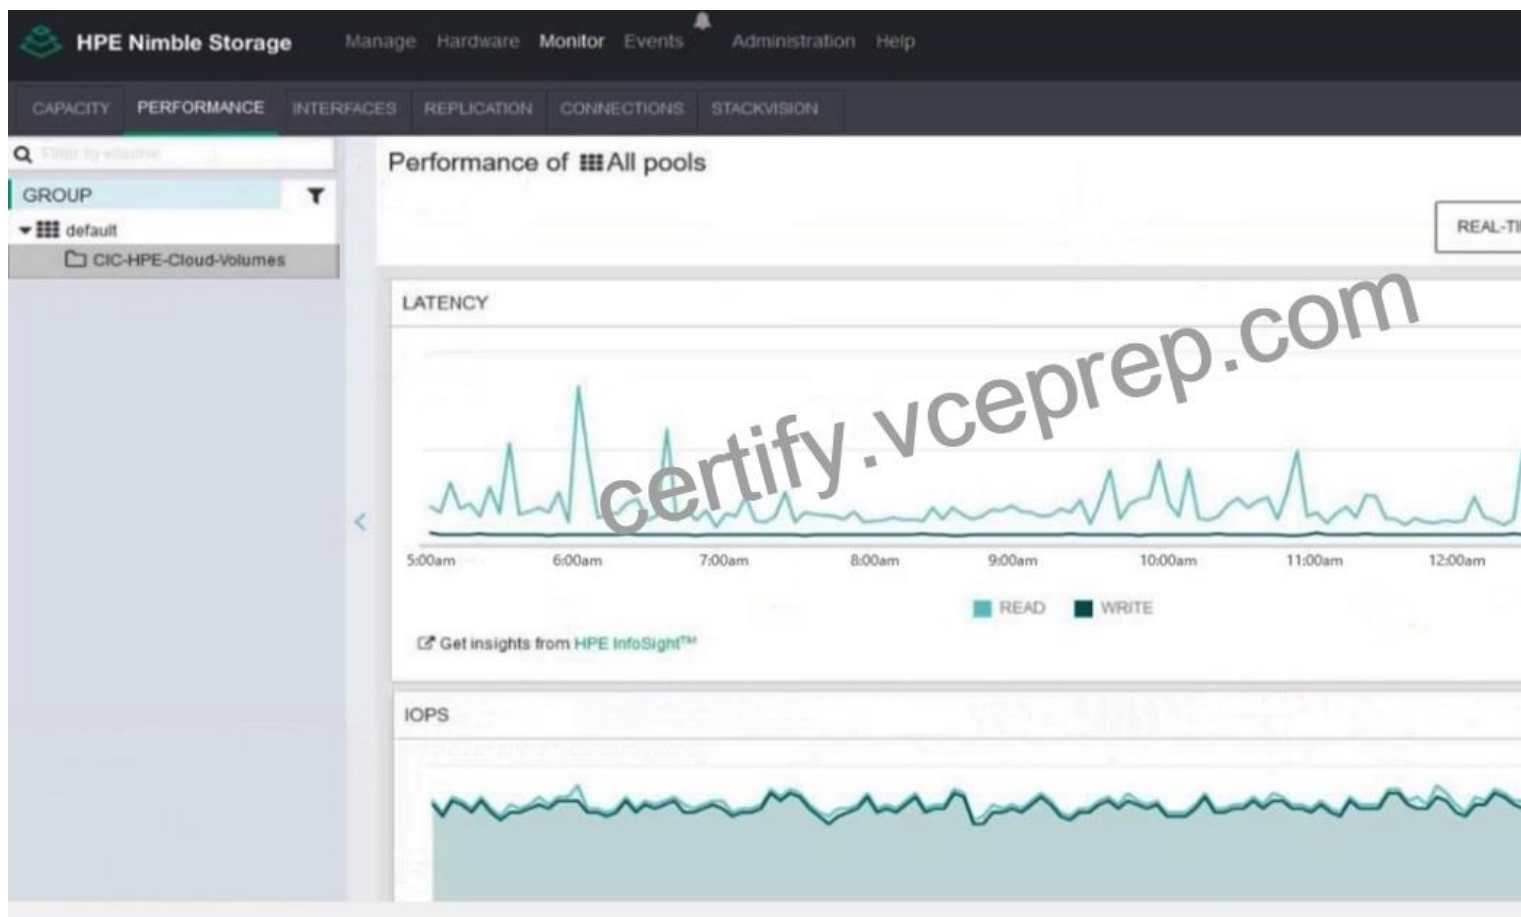

QUESTION 72

You are handing over the installed array to customer. The customer wants to review the amount of HDDs and SSDs in the system.

Click the relevant menu option where the front panel of the head shelf can be visualized.

Explanation

QUESTION 73

Which tool is used to provide centralized management of 3PAR and Primera arrays?

* SMU
* Primera UI
* WebUI
* SSMC

QUESTION 74

During Technology workshop ,the customer asks about different between converged and fibre channel switches. What would be a benefits of using flex fabric switches in a fibre channel storage environment?

* Support for combining multiple physical switches in to one virtual switch with a single IP address
* Support for six Ethernet and two fibre channel ,or six Ethernet and two ISCSI or eight Ethernet adapters per server.
* Zones can be configured for QoS with high ,medium, and low priorities within a fabric on a zone by zone basic
* In-flight compression and encryption provides efficient link utilization and security

QUESTION 75

Which feature enables a non-disruptive environment where host-based multi-pathing software is not affected in the event of a firmware upgrade?

* HPE 3PAR Access Guard

* HPE 3PAR Persistent Ports
* HPE 3PAR Persistent Cache
* HPE 3PAR MPIO

QUESTION 76

You are asked to review an installation plan for a new Primera storage array. The array will go into an existing environment that has been in production for over 4 years. It includes:

* C7000s with Gen8 blades

* 8Gb Brocade switches

* a 3PAR 7400

* an MSA that is used as a backup target

What should you use to find appropriate installation and planning guides?
* SAF Analyze and Collector
* Information Library
* NinjaSTARS
* SPOCK
