

## Huawei H19-315-ENU Exam Dumps [2023 Practice Valid Exam Dumps Question [Q133-Q147]

## Huawei H19-315-ENU Exam Dumps [2023] Practice Valid Exam Dumps Question [Q133-Q147]

Huawei H19-315-ENU Exam Dumps [2023] Practice Valid Exam Dumps Question  
H19-315-ENU Dumps - Grab Out For [NEW-2023] Huawei Exam

**Q133.** What are the advantages of the GPON bearing railway fiber-to-the-team solution? (Multiple choice)

- \* Passive optical network, aggregation passive without power supply
- \* Integrated access to solve voice, data, image
- \* Multiple protection mechanisms are safe and reliable
- \* P2P transmission mechanism, data transmission is more secure

**Q134.** Huawei provides large bandwidth for data transmission in financial data centers through single-wavelength 100G/200G/400G equipment.

- \* TRUE
- \* FALSE

**Q135.** What are the main requirements for the private line business undertaken by the radio and television? (Multiple choice)

- \* Large bandwidth

- \* Low latency
- \* Rigid Bearing
- \* Safe and reliable
- \* Physical separation

**Q136.** Disaster recovery of financial data centers can reduce the loss caused by disasters.

- \* TRUE
- \* FALSE

**Q137.** How many service slots does the OSN9800 M24 subrack have?

- \* 32
- \* 12/24
- \* 24
- \* 12

**Q138.** Which of the following industry manufacturers that can provide 96-wave solutions include? (Multiple choice)

- \* Huawei
- \* Ciena
- \* Nokia
- \* ZTE

**Q139.** Software protection supported by the Huawei distribution network PON solution includes: (Multiple Choice)

- \* Hand -handled protection
- \* 6KV lightning protection of power and communication ports
- \* AES encryption
- \* Both fiber two -way reuse segment protection

**Q140.** The video private network transmission network has higher network security, because what does Huawei transmission equipment support? (Multiple choice)

- \* Line encryption
- \* Wavelength Isolation
- \* Business hard isolation

**Q141.** In the following communication systems of rail transit, which systems can our transmission and access products participate in? (Multiple choice)

- \* PIS system;
- \* Transmission System
- \* Vehicle-to-ground wireless dump system
- \* Video Surveillance System

**Q142.** About the XGS PON description, which is wrong?

- \* The maximum downlink rate is 9.95Gbit/s, and the maximum upward rate is 9.95Gbit/s.
- \* The maximum spanning ratio is 1: 256; a single PON port can access more onu, suitable for high density scenarios
- \* In order to adapt to 10G rates to improve the frame structure, improve the flexibility of DBA allocation
- \* Simplify the physical layer message management mechanism, which is lower than GPON in terms of safety and energy saving

**Q143.** Which is Huawei's first transmission product in the highway section access solution?

- \* OSN3500
- \* OSN580
- \* OSN1800

\* OSN7500

**Q144.** Which of the following protection methods has the highest cost?

- \* Optical line OLP protection
- \* 1+1 protection in OTU board
- \* ODUk SNCP
- \* Equipment 1+1 protection

**Q145.** Among the many protective solutions of PON technology, which protection method achieves the protection of the main optical fiber, and supports the protection of OLT disaster tolerance. Even if one OLT fails, OLT placed in another place can immediately take over all services?

- \* Type A dual belonging
- \* Type B dual belonging
- \* Type C dual belonging
- \* Type D dual belonging

**Q146.** Which of the following statements about ASON technology is wrong?

- \* Through the introduction of ASON technology, it can resist multiple network failures, and there is a way to pass
- \* The existing network can be evolved, and the ASON function can be realized through software loading
- \* ASON can effectively improve resource utilization through dynamic bandwidth allocation
- \* ASON improves network reliability by reducing the efficiency of network resource usage

**Q147.** Among the Huawei MXU series products, in FTTB construction scenarios, which products are recommended? (Multiple Choice)

- \* MA5616
- \* MA5612
- \* MA5626
- \* MA5621
- \* MA5633
