[Aug-2023 Database Cloud Service 1z0-1094-22 Exam Practice Dumps [Q50-Q69

[Aug-2023] Database Cloud Service 1z0-1094-22 Exam Practice Dumps
2023 1z0-1094-22 Premium Files Test pdf - Free Dumps Collection

Oracle 1z0-1094-22 certification is highly valued by employers worldwide. It is an indication that an individual has the skills and knowledge required to perform cloud database migration and integration tasks using Oracle Cloud Infrastructure. Oracle Cloud Database Migration and Integration 2022 Professional certification is also an indication that an individual is committed to professional development and is willing to invest in their career.

NO.50 What can you use to quickly load data into a cloud database by dragging and dropping a file in a web browser?
* Remote cloning a pluggable database (PDB)
* Data Pump Transportable Tablespaces
* Data Load tab of the SQL worksheet in Database Actions
* RMAN Transportable Tablespace

NO.51 How much network latency is tolerated by the Remote Apply process of Oracle GoldenGate?

* 4 ms
* 16 ms
* 8 ms
* 6 ms

NO.52 WI Autonomous Data Warehouse (ADW) package is leveraged by the Business Intelligence Cloud Connector (BICC)
Loading Knowledge Modules, when using Oracle Data Integrator (ODI)?
* ppms_cLoup_aDMIN
* pems_croup
* sa_aupiT_ADMIN
* pams_cnoup_MacapM

NO.53 Which FOUR Oracle Data Pump impdp parameters should you use when migrating to Autonomous Database? (Choose all
correct answers)
* REMAP_SCHEMA=SYSTEM
* TRANSFORN=DWCS_CVT_IOTS:Y
* REMAP_TABLESPACE=DATA
* TRANSFORM=CONSTRAINT_USE_DEFAULT_INDEX:Y
* TRANSFORN=SEGMENT_ATTRIBUTES:N
* TRANSFORN PORTABLE=ALWAYS

NO.54 Which database version introduced Zero Downtime online logical migration?
* Oracle Database 18c
* Oracle Database 19c
* Oracle Database 12c
* Oracle Database 21c

NO.55 Your data warehouse load consists of extracting data from order header and order line items table. what kind of journalizing
type should you use in Oracle Data Integration (ODI) to make sure referential integrity is maintained in the target?
* Consistent
* Application Base
* Simple
* Complex

NO.56 Which TWO options are valid when using the unplug/plug a PDB method to migrate? (Choose all correct answers)
* Target database versions must be 18c or later.
* Non-CDB databases can be consolidated and migrated.
* Source database versions are 12c or later.
* Use this technique to do a cross-endian conversion

NO.57 What does ETL stand for?
* Extract Translate and Load
* Export Transform and Load
* Export Translate and Load
* Extract Transform and Load

NO.58 You have a requirement to join data from an Oracle database table and a flat file and load into target DB2 table, using Oracle
Data Integrator (ODI). Which statement is correct about this?
* It is possible to mix heterogeneous source connection type and load into any supported target connection type in a single mapping.
* Heterogeneous sources and targets are possible in a single mapping only if there is no incremental data load.

* Flat file data has to have a header row in order to join with Oracle database table in a single mapping
* It is not possible to join data from different source connection types in a Single mapping
* It is possible to join data from different source connection types in mapping, but the result must be loaded to Oracle.

NO.59 Planning a database migration to Oracle Cloud Infrastructure (OCI) requires understanding the source?
* users and groups to be migrated
* on-premises host operating system
* number of tables
* character set of databases

NO.60 You are trying to load a denormalized target table C and the source attributes come from table A and Table B in Oracle Data Integrator (ODI). Which statement is true?
* You are required to do inner join between table A and table B in order to load target
* A mapping can have only one source and one target. You need to create 2 mappings to load target C.
* You are required to do outer join between table A and table B in order to load target C.
* You can join table A and table B, as required by the data model and load target C in a Single mapping

NO.61 Which type of checks is NOT supported by Oracle Data Integrator (ODI)?
* references
* mandatory attributes
* business rule
* keys
* conditions

NO.62 Which statements are true for OCI GoldenGate Service? (Choose two.)
* It supports the usage of Universal Credits.
* It requires an on-premises license for the Oracle GoldenGate software.
* It is customer-managed.
* It requires any source environment to run Oracle GoldenGate Microservices.

NO.63 You have an on-premises non-TDE-encrypted Linux 19c container database (CDB) that is already being regularly backed up to Oracle Cloud Infrastructure (OCI) Object Storage via the Database Backup Cloud Service. You plan on using Recovery Manager (RMAN) to migrate it to Database Cloud Service. What is the valid strategy to migrate?
* Create a new OCI DB Service instance, delete the existing database, and use the DBaa$ tooling to configure the DB Cloud Backup Module to point to the existing bucket, and then restore the backup by using the console.
* Create a new OCI DB Service Instance, copy the backup data from the bucket to the FRA, and then use the console to perform a DB restore.
* Create a new DB Service instance, delete the existing database, manually install the DB Cloud Backup Module pointing it to the backed where the on-premises backups are located, and perform a complted RMAN RESTORE AS encryption operation.
* Create a new OCI DB Service instance and use the “instantiate from backup” option in the console. This will automatically take care of the encryption.

NO.64 Which statement is true?
* One CDB can have only one PD
* One PDB consists of only one CDB.
* One CDB can have one or more PDBs.
* One PDB consists of multiple CDBs.

NO.65 You are using Data Pump to migrate your database to Autonomous Database (ADB). To which tablespace must you remap your source database tablespaces?

* UNDO
* SYSTEM
* DATA
* USERS

NO.66 In Zero Downtime Migration, which port number is used by the source and target system to access Object Storage?
* 118
* 1521
* 22
* 443

NO.67 Which FOUR key parameters should you include in your export command when migrating an Oracle Database to the Oracle Cloud? (Choose all correct answers)
* FLASHBACK_TIME=SYSTIMESTAMP (for consistent Export)
* metrics=yes (for Diagnostics)
* parameter=1 (for performance)

logtime=all (for Diagnostics)
* versron=10 (for compatibility)

exclude=statistics (for performance

NO.68 Which four Oracle Database Cloud Services are supported as a target database using Oracle Zero Downtime Migration?

(Choose all correct answers)
* Oracle MySQL Database Cloud Service
* Oracle Database Cloud Service
* Exadata Cloud at Customer
* Autonomous Database
* Exadata Cloud Service
* oracle NOSQL Database Cloud Service

NO.69 Which three tasks can be executed when you submit a data integration job to an Oracle Data Integrator (ODI) agent? (Choose all correct answers)
* an operation on a model, sub model, or a data store, such as a customized reverse-engineering or a journalizing operation
* setting up an FTP server as a staging location for extracted data
* the execution of a design-time object, such as a mapping, a package or a procedure backing up data warehouse destination objects before loading the transformed data
* the execution of a runtime scenario or a Load plan that was launched from the Oracle Data Integrator Studio, from a command line, via a schedule or a web service interface

If you are interested in taking the Oracle 1z0-1094-22 exam, you should have a solid understanding of database migration and integration concepts and experience working with Oracle Cloud technologies. Oracle recommends that you take the Oracle Cloud Infrastructure Foundations 2021 Certified Associate exam before taking 1z0-1094-22 exam. Once you pass the exam, you will earn the Oracle Cloud Database Migration and Integration 2022 Professional certification, which will validate your expertise in database migration and integration in the Oracle Cloud.

Get ready to pass the 1z0-1094-22 Exam right now using our Database Cloud Service Exam Package:
