Ultimate Guide to Prepare P_C4H340_24 with Accurate PDF Questions [Jan 21, 2024]

Pass SAP With VCEPrep Exam Dumps

SAP P-C4H340-24 certification exam is designed for individuals who want to demonstrate their expertise as SAP Commerce Cloud developers. P_C4H340_24 exam tests the candidate's knowledge and skills in developing, deploying, and customizing e-commerce solutions using SAP Commerce Cloud. Certified Development Professional - SAP Commerce Cloud Developer certification also validates the candidate's ability to work with various technologies and programming languages, including Java, Spring Framework, and Hybris.

NEW QUESTION 34

What do you set up to create visibility rules for specific product items for a user group?
* A type access right on the Product type for the user group
* A search restriction on the UserGroup type
* A search restriction on the Product type for the user group
* A type access right on the UserGroup type

NEW QUESTION 35

You are implementing two new independent extensions, extension A and extension B, both of which extend and overwrite a bean of the core platform. How can you make sure the bean from extension A doesn’t override the one from extension B? Note: There are 2 correct answer to this question.
* Use the beans’ parent attribute in extension B to specify the core bean.
* Add only one of the extensions into localextensions.xml at the same time.
* The beans are loaded in alphabetical order; therefore, extension B takes precedence.
* Define a dependency wherein extension B requires extension A.

NEW QUESTION 36

In Integration API Module, which of the following API verbs are controlled by access rights? Note: There are 2 correct answer to this question.
* Update – POST
* Create – POST
* Create – PATCH
* Update – POST, PATCH
